

SigmaOpt

ANZIAM Special Interest Group
In Mathematical Optimisation

SigmaOpt, the optimisation special interest group of ANZIAM, is holding a one-day workshop in Adelaide City on the day after the 2024 ANZIAM Conference (in Adelaide Hills). The workshop will feature talks from five invited speakers as well as the Winner of the Student Best Paper Prize.

Important Information:

- *When:* Friday February 16, 2024.
- *Where:* Room RR5-09 at the City West Campus of UniSA.
- *Invited Speakers:*
 - Kate Helmstedt (QUT)
 - Yalcin Kaya (UniSA)
 - Vicky Mak (Deakin)
 - Lindon Roberts (USyd)
 - Golbon Zakeri (UMas Amherst, USA)
 - The Winner of the Student Best Paper Prize (TBA) – *see call below*
- *Registration:* \$50 (includes catering) using the link below.

SigmaOpt/MoCaO Student Best Paper Prize: SigmaOpt and MoCaO call for nominations for the joint SigmaOpt/MoCaO Student Best Paper Prize for an exceptional paper in the field of mathematical optimisation, optimal control, operations research or related field published in the last 18 months. The winner of this prize will be awarded \$300 and invited to present the paper at the one-day workshop. For information on submitting a nomination, visit:

<https://www.anziam.org.au/SIGMAOPT>

For further information about the workshop, visit the ANZIAM conference webpage:
